Bad-boy heroes of sock 'n' roll

Naked and unashamed, the Red Hot Chili Peppers are back in town. **David Sinclair** crossed himself and went to meet them

The Red Hot Chili Peppers have just flown in from Germany, where they have been meeting the media. They didn't like it very much, to be honest.

"It's a very conservative society. When I'm there I always feel as if I'm being looked at and disapproved of," says bass-player Flea, a troll-like character with LOVE and HATE tattooed on his knuckles, who only two weeks ago performed live at the MTV Awards in New York dressed only in underpants and boots.

It was a typically rampant display by all of the Chili Peppers. A hyperactive rendition of their current single, *Warped*, was rammed home with a caustic

vigour more often associated with athletes than musicians.

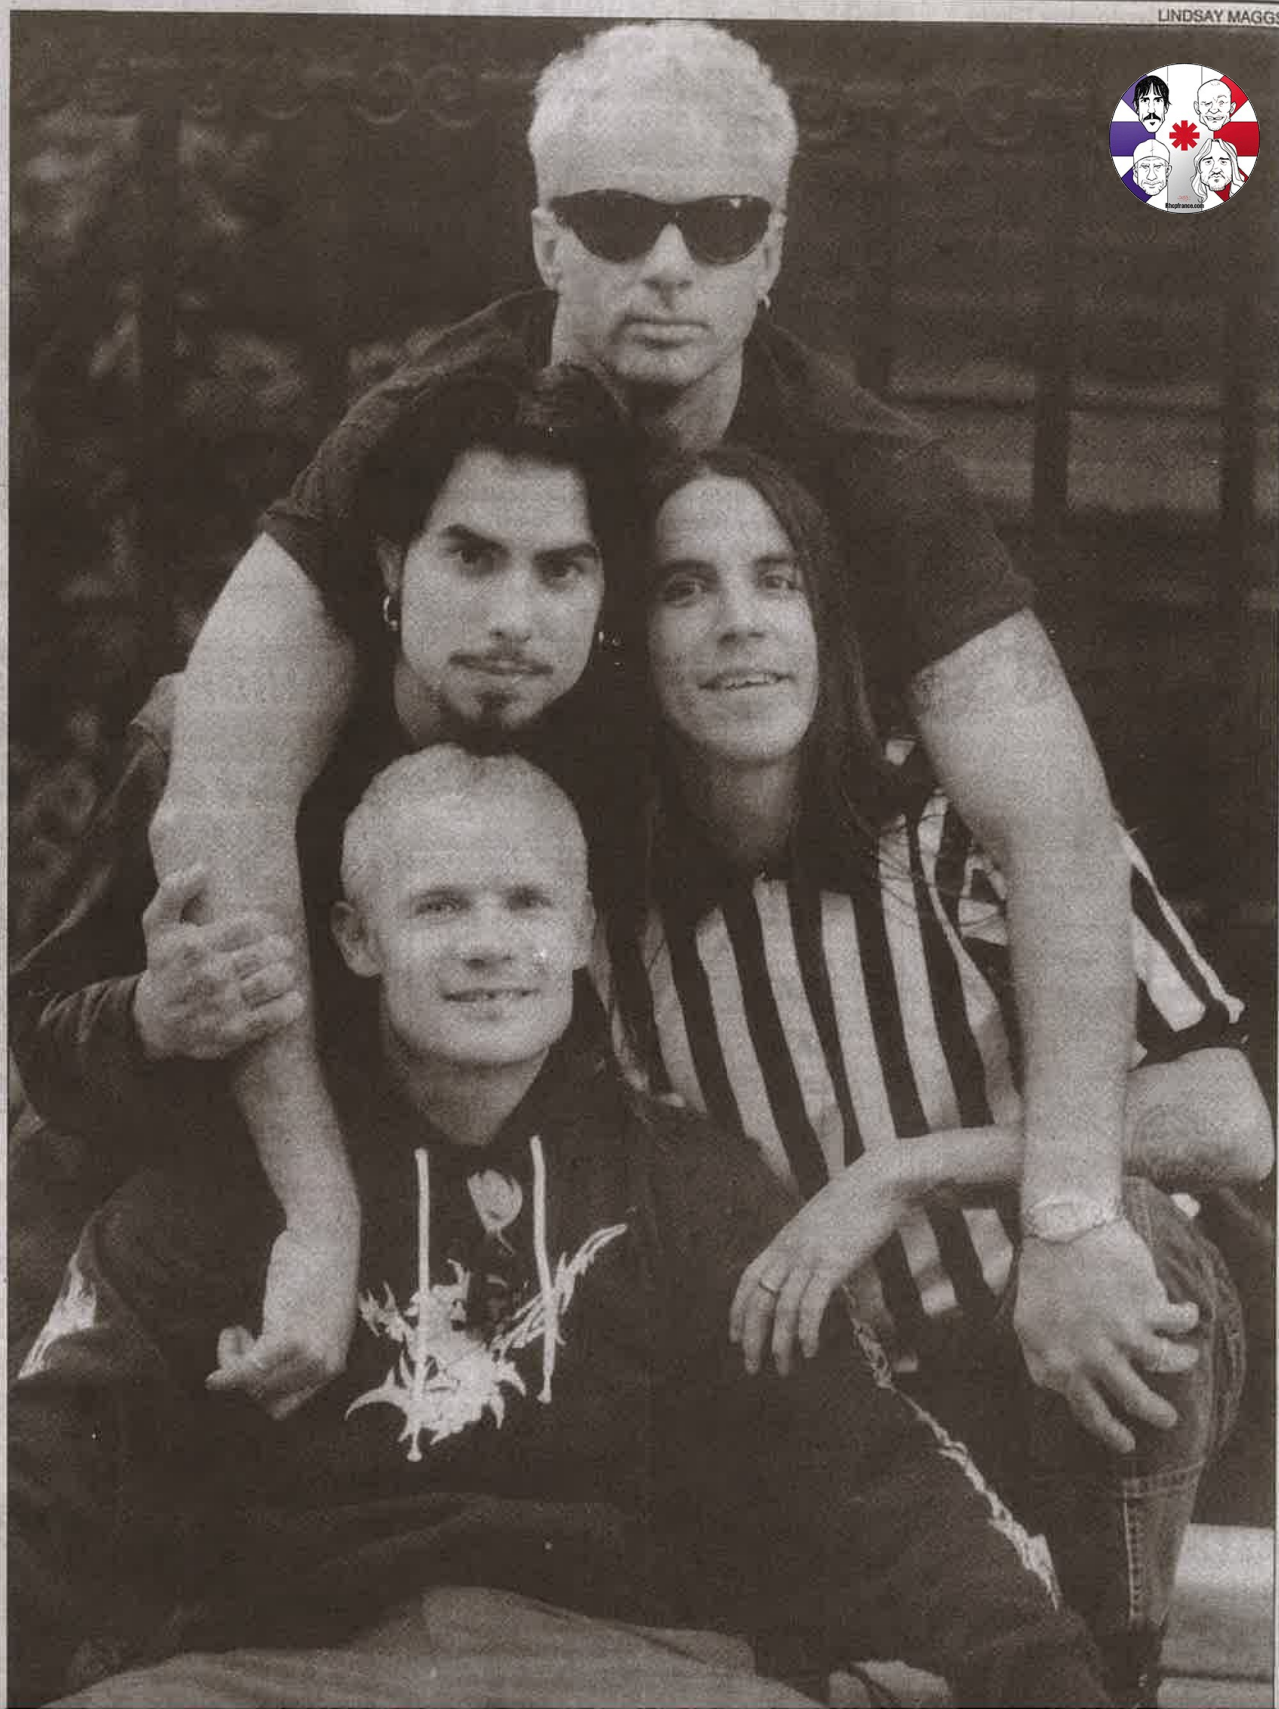

With worldwide sales of the Chili Peppers' previous album, *Blood Sugar Sex Magik*

"All these things are to do with looking at the group and ourselves as an art-piece, as a sort of life sculpture," Flea insists with a completely straight face. "Of course, people have assumed that it's a cover-up for lack of musical depth. But, hey, I've been defending our status as soulful musicians for 13 years. I'm proud of everything that we've done. We've made fools of ourselves, but I think we've done things that have been quite poignant as well."

“We don't feel quite as restricted as society would like us to be”

Later, walking past the window outside the band's upmarket Chelsea hotel, Flea casually flashes his penis at the bottle-blond drummer Chad Smith, a gesture which the group seems to regard as roughly equivalent to a tip of the hat. Smith responds with a broad, pearly smile.

"I don't know if we have an exhibitionist streak or whether

4 Hello Peppers -
 How were your holidays -
 Mine were good and painless -
 As you know, we've had kind of a
 vacation from work, due to Chad's
 broken wrist - So, I've been taking
 the time to allow myself to become
 a little more domestic - Cooking
 at home with my girlfriend
 Victoria, you know, stuff like that -
 We plan to make up all the
 cancelled dates, so we'll definitely
 be seeing you soon - I'm looking
 forward to going out on tour again -
 I can only take so much of the
 domestic life - But it is nice to
 have both home always, Dave -

5 When asked whether fashion was really important, Red Hot Chili Peppers singer **ANTHONY KIEDIS** (in hat, with **CHAD SMITH**, **DAVE NAVARRO** and **FLEA**) said: "Look at us. Where would we be without it?"

Bráðgrípandi blanda

MARGIR hafa beðið breiðskífu frá Red Hot Chili Peppers með öndina í hálsinum frá Blood Sex Sugar Magik. Sú seldist í milljónaupplagi, meðal annars vel hér á landi, og loks sáu liðsmenn árangur erfiðis síns eftir langt stred.

Red Hot Chili Peppers er sprottin úr vesturstrandar fönkrokki og átti á brattann að sækja framan af. Þeir félagar dóu þó ekki ráðalausir og tóku meðal annars til bragðs að koma fram í einum sokk, sem huldi kynfæri þeirra. Það hefði þó varla dugað til ef ekki hefði komið til bráðgrípandi blanda af

fönki, rokki og poppi, sem gerði þá félagi að milljónungum á endanum.

Þegar hér var komið sögu komu brestir í samstarfið og gítarleikari sveitarinnar, sem átti snaran þátt í sérstökum hljómi hennar, settist í helgan stein. Ekki gekk þrútaust að finna nýjan, og um tíma var sveitin talin af. Chili-liðar voru þó á öðru máli, fundu sér nýjan mann og blésu til sóknar. Sumir vilja þó meina að sú hefjist full seint, of langt hafi liðið frá síðustu skífu, en þeir sem heyrt hafa plötuna nýju, sem kemur út á morgun, segja sveitina aldrei betri.

Hello Y'all
 HAPPY NEW YEAR

Hope your X-mas or whatever holiday you celebrate was an outstanding display of emotional fireworks, or, if you don't give a fuck about the holidays I hope you are swell too. I had a wonderful X-mas with my family and beloved friends. I went to New York before X-mas and stomped around in the snow and got my daughter Clara lots of art supplies and books (Nancy Drew) for X-mas. The day after X-mas I began work acting in a film called "Whiskey Down" playing a killer with good moral values. It should be out in October

or so. The Red Hot's, barring unexpected tragedy will be making a wild wacky zany video for AEROPLANE this week it should be a piece of shit - just kidding. We will be out rocking the world soon.

"Through the years, the Red Hot Chili Peppers have roosted in the hen house and wallowed in the pig sty." - sleeve note on the new Chili Peppers album 'One Hot Minute'

TAIN'T no lie. Of all the strutting, snorting, sassy, smutty, shag-happy rock 'n' roll bands, the Red Hot Chili Peppers are the dirtiest, damndest mothers of 'em all. The slap and tickle of their rubber-burnin' Punk Funk Rock. The tacky titillation of those cocks-in-socks pictures. The erotic whiff of album titles like 'Mother's Milk' and 'Blood Sugar Sex Magik'. Ooh, the cheek of it all!

WHO THE HELL WERE JANE'S ADDICTION!?

**...and how Lollapalooza
chief Perry Farrell is
linked to the Chilis!**

- Perry Farrell created Lollapalooza when he was frontman for Jane's Addiction. New Chili Pepper Dave Navarro was J.A. guitarist.
- Jane's Addiction signed a huge deal with Warner Brothers after being subject to the hottest label bidding war of the decade.
- Jane's Addiction are acclaimed as one of the greatest Rock groups of the '90s - but Farrell split the band before they got stale.
- At the height of their popularity, Jane's Addiction headlined a show at New York's legendary 20,000-seater Madison Square Garden and the first Lollapalooza tour!
- Jane's Addiction recorded just three albums. The best was 'Ritual de lo Habitual' - an essential purchase for any sussed Rock fan!
- Perry Farrell can now be found fronting Porno For Pyros, who aren't half as good as Jane's Addiction!

JANE'S ADDICTION (Perry Farrell,
second left, Dave Navarro far right)
awesome!

But the Chili Peppers aren't *all* sauce. Not in 1995. 'One Hot Minute' isn't just a wave-it-in-your-face hump-a-thon. It's slinkily sexy, yes, but there's a new, stranger, darker side to the Red Hot Chili Peppers these days. And it's no mere coincidence that this extra dimension has developed since the arrival of guitarist Dave Navarro.

Navarro was once the dreadlocked sidekick of Lollapalooza's freaky founding father Perry Farrell. The two were together in Jane's Addiction, one of the most celebrated and influential Rock groups of the late '80s and early '90s. Farrell, understandably, was the dominant figure in the band, but Navarro's head-spinning guitar playing was crucial in making Jane's Addiction the hottest cult Rock act of their time (see panel!).

Post-Grunge, and with the second wave of Punk currently cresting in America, it's easy to forget just how huge Jane's Addiction were. Post-Porno For Pyros, Farrell's naff arthouse wank Rock project, it's easy to forget just how *great* Jane's Addiction were.

But it all comes rushing back when Navarro takes the first song on the new Chilis record and drags it off into the stratosphere. The song is called 'Warped'. You've probably heard it as a single. And it's just one of many great things the Chilis have cooked up on their sweetest and most soulful work to date.

DRUMMER CHAD Smith puts it this way: "I think it sounds like the first record by a new line-up cos it sounds so different, but if you were to say that we're gelling together, I'd take that as a compliment. Thank you, you have excellent taste, you're very smart, witty, powerful and handsome! We're on tour for two years, and I think after that we'll be like a hardened bowl of jelly!"

Singer Anthony Kiedis, sitting in late afternoon sunshine in the garden of a West London hotel, is reluctant to over-analyse the Chilis' music.

"Analysis is something I despise," he says, puffing on a Marlboro and stirring a black coffee. "I find it disenchanting and a touch demystifying."

"But yeah, Dave came in as Dave and really forced us to do the changing on this record. Obviously, the chemistry is vastly altered when one quarter of the band changes, but it ended up as four members having to metamorphose into one brand new thing."

Ironically, Navarro's own take on the record is somewhat analytical. Dave's drier than the other Chilis. Without being an anorak about it, he's a more studious musician.

"It's a great experience to play with guys like Chad and Flea," Dave purrs. "They're the complete opposite to the guys I used to play with. Stephen and Eric (Perkins and Avery, Jane's Addiction drummer and bassist) were really repetitive and tribal; tempos kinda fluctuated. But these guys are tight and percussive."

"I never looked at the Chili Peppers as a Funk band, although I knew that they have a lot of that in them. When I joined the band I felt I identified with them on a human level a lot easier than I identified with them on a musical level. At times we had some awkward moments where we didn't know if it was gonna work."

But it *has* worked. Beautifully. Even if doubts still lurk in Navarro's mind.

"I feel like I could have done this album better," he shrugs, "but I can't change life experiences."

"So," he says, rolling up his sleeve to reveal a fresh tattoo, "the experience of doing it is immortalised right here with this little fairy from the album cover."

FEATURING FAIRIES, kiddies and little furry animals, 'One Hot Minute's cover art is endearingly cheesy. The band had the CD booklet modelled on a children's book which Anthony found, aptly enough, at a flea market.

"We thought it would be nice," Anthony smiles,

FLEA The bassist.

Star sign: Libra.

What's Funky?

"A lot of things are Funky. Anything that is raw and honest."

What's not Funky?

"Things that are contrived and stiff. A lot of contemporary music revolts me, but whenever I talk about it I always feel the repercussions later. I still get Christmas cards from Ugly Kid Joe after I said something about 'em."

What's hot?

"Black and white photography from the early 1900s. American and French. But as for music, there's nothing new that's driving me crazy. The last time music got me really excited was the first couple Public Enemy records. I also like Nine Inch Nails and Fugazi."

What's not hot?

"Lots of Rock bands are completely, disgustingly appalling."

What's sexy?

"Sexiness for me comes from a female thing. But it can come from a male thing too. Like, a Marvin Gaye record is a really sexy thing. I find my girlfriend incredibly sexy."

What's not sexy?

"Strictly physical lust. As much as I can appreciate the form of a woman or the beauty of a woman, it's usually something else that grabs me. A vibe or whatever. A smile, a phrase, as opposed to just tits 'n' ass. Don't get me wrong, I definitely appreciate tits 'n' ass. I'm a lustful, heterosexual man!"

Pick five words to describe 'One Hot Minute'.

"Oh God... Miserable. Ecstatic. Miserable. Ecstatic. Miserable. Is that five?"

Favourite track on the album?

"I like 'Transcending' a lot. The music is really new and exciting and innovative. I've never heard anything else like it. And the song is really close to my heart. It's about my friend River (Phoenix), who died. It just means a lot to me and it gives me a special feeling when I hear it."

"because kids have always related to our music. And if kids can relate to it, we're definitely on the right track."

"A children's book is such an honest thing," adds bass bumper Flea, whose daughter is seven this week.

"She's coming over to have her birthday in London," he beams. "I've never missed her birthday and I'm not gonna miss it now. She's a great kid, the most important thing in the world to me. She occupies a lot of my time and energy. She's very inspirational."

"I always wanted a kid, even when I was an out-of-control teenager. I enjoy being with children very much. Kids have always liked our music. Kids of five years old. I guess they don't pick it apart, they just like it."

"Children Rock like maniacs! They just wanna Rock out and party and I like that!"

● The Red Hot Chili Peppers play London Brixton Academy October 4, Manchester Apollo 6. 'One Hot Minute' is out now on Warner Bros.

CHAD SMITH The drummer.

Star sign: "Scorpio, man. I mean I'm reversed." "Rock You Like A Hurricane!"

What's Funky?

Many things are Funky. Life is Funky. People, situations, language, ure, movies, arts, my motorcycle, scuba diving. Funk is everywhere. to me is like party music. I hear a Tower of Power record and it makes me wanna jump around and go. 'Whoa-ohh!'"

What's not Funky?

99.5 per cent of the music that's out there. It's all very predictable, eric, lame shit. Our music is honest and raw and from the heart, and I ik that's a rarity these days. Japanese people aren't extremely Funky or. But I don't wanna diss the Japanese. It's inherent of their culture."

What's hot?

"There is a jacuzzi in my pants!"

What's not hot?

ids like Take That. Like Duke Ellington said, there's only two kinds of music, good and bad. And there's not a lot of 'hot' out there."

What's sexy?

ink it's very important to play music with people who you love. One of most important aspects of our band is friendship. That's why it was ordant that we get to know Dave, cos it definitely comes through in the music. Uh, sorry, I don't think that answers your question!"

What's not sexy?

ally stupid, insensitive, non-caring, abusive people. Bad music, bad art, bad movies."

Pick five words to describe 'One Hot Minute'.

about seven? Have a good time, all the time. That's my philosophy!"

R.H.C.P. - SECRET LONDON GIG P: HOT IN THE CITY!

Kerrang! exclusive!
RED HOT CHILI PEPPERS
storm the capitol for
treat-of-a-lifetime fans-
only show! Eye-witness:
PAUL BRANNIGAN!

THE RED Hot Chili Peppers
 returned to live action this week
 with a super-secret gig in
 London.

The show - at the tiny
 Subterania club in Ladbroke
 Grove - was jam-packed with
 die-hard Chilis fans, who had
 queued from early afternoon for
 the opportunity to witness the
 LA quartet play their first show
 on British soil since 1994's
 triumphant Reading headline
 performance.

Outside the venue tickets were
 changing hands for £50 each
 and the touts were reporting a
 brisk trade. Inside, there was a
 huge buzz of anticipation as
 excited fans milled around
 impatiently.

"I can't believe the Chilis are
 playing somewhere this small,"
 gushed 20-year-old Italian
 exchange student Christa. "This
 is going to be soooo great!"

Pre-show, the sounds of
 Flea's favourite bands, the Gang
 Of Four and Funkadelic, rocked
 the expectant crowd. Then, at
 precisely 10pm, four-near naked
 bodies strolled onto the shoebox
 stage, steamed into 'Give It
 Away' and the whole place
 went buck mental!

Playing old classics such as
 'Suck My Kiss', 'Backwoods'
 and 'Higher Ground', plus tracks
 from their new 'One Hot Minute'
 album the Chilis were loose and
 relaxed.

After 75 Funk-filled minutes,
 the lights went up and the Chilis
 departed to thunderous
 applause. As the crowd spilled
 back out into the cool night air
 the verdict of the lucky few was
 unanimous: "F**kin'
 incredible!"

What's Funky?

"I was just travelling with my girlfriend up the coast of Northern California and I forgot to bring any music, so I went into a truckstop and the best tape they had was a James Brown tape. It was just immaculate Funk. And I also just bought a new pair of glowing red patent leather Gucci loafers, which just can't help but be Funky."

What's not Funky?

"Candlebox are not Funky. Pete Wilson is not funky. He's the governor of California and the guy does not feel the Funk."

What's hot?

"PJ Harvey is sizzling. I love PJ Harvey. And I get a very hot sensation when I listen to her records. I met her and I felt like an eight year old kid."

What's not hot?

"What is not hot is blatant copycat-ism. To just copy somebody else's song is so pointless. When Punk Rock happened it happened for a reason. The second wave of Punk is so empty to me."

What's sexy?

"Dave Navarro is a very sexy boy. He's definitely a positive perpetrator of delightful sexual energy. And I have to say the same thing about my girlfriend, Jamie."

What's not sexy?

"The French government is not in any way sexy. And they're not hot. And they're not Funky. I'm really f**king brutally pissed off at the French Government right now. What the French did in Tahiti, it disgusts me."

Pick five words to describe 'One Hot Minute'.

"Therapeutic sunshine post-fragic sadness."

Favourite track on the album?

"It changes all the time, but for the last two or three days, 'Tearjerker' is the song that's been running through my head. It had a powerful impact on the family of my girlfriend. It's a specific love song, but it can be interpreted by everybody to apply to their own circumstances. My girlfriend's father died just two months ago, and coincidentally, he fits the description of that song. At a time of great loss, the family all kept listening to that song. They played it at his funeral. So it ended up having a profound meaning for me."

DAVE NAVARRO The guitarist.

Starsign: Gemini.

What's Funky?

"Kool & The Gang. James Brown. But the truth is that I'm not much of a Funk fan. I'm more into dark music, whether it's Rock or Classical."

What's not Funky?

"That can't be interesting to your readers - who I think isn't Funky!"

Okay, What's hot?

"I'm very excited and interested in films. I review movies for a small magazine. My column doesn't so much review films as take the piss out of them. I rarely select a film that I enjoyed for my column. I have a cynical sense of humour. But honestly, the thing that I've been into the most lately is a new relationship. I've always found that when I get into a new relationship, I'm kind of a romantic and it rules my world. And the distance makes it so much more romantic. She's in Los Angeles right now."

What's not hot?

"The American Government cover-up of other life forms, the Roswell UFO thing. I saw the alien autopsy tape and I dunno, man, it looked kinda calculated. I wanted more than anything to believe that. I felt like a child at Christmas, but it kinda seemed staged."

What's sexy?

"Dark rooms are sexy to me. Certain fragrances are incredibly sexy. Hair. Or the lack of it, depending on who you're talking to! Music can be incredibly sexy too. And I think somebody's household pet can be a sexy thing; the way they cradle it in their arms or care for it. I find things sexy which don't necessarily stimulate a sexual response within me but an emotional response."

What's not sexy?

"Personally I don't trust human beings. The guys in this band I trust more than most people on the planet. But what I hate most in people is their lack of trustworthiness."

Pick five words to describe 'One Hot Minute'.

"Dark. Uplifting. Psychedelic. Wonderful. Terrible."

Favourite track on the album?

"Right now it's 'One Big Mob'. There's a long psychedelic breakdown on that track. In the middle of it I recorded a tape of my baby brother crying. And my baby brother at this moment is in intensive care in Los Angeles. He had a seizure. I listened to that song today because I'm so far away, I feel so helpless. I just needed to hear it, even if he was crying. It really affected me."

NÖJE VICTORIA I NAKENVIMLET

Nöjeschef: Sigge Ennart (tel 08/7252000, fax 08/60001 74, e-post: noje@aftonbladet.se)

Tusentals vilda fans jublade åt nakenkonserterna med Red Hot Chili Peppers i natt. En av dem var kronprinsessan Victoria. Och hon såg inte ut att skämmas det minsta...

Underbart

Red Hots avklädda knockout i Globen

Red Hot Chili Peppers
Konsert i Globen,

som så totalt behärskade musikkens alla temperament. Så följamt. Explosivt. Och ändå fullt av allmoges. Fyllt...

Translation of Aftonbladet Article (October 15, 1995)

Entertainment. Victoria in the Naked Spotlight. Thousands of wild fans cheered the nude concert by the Red Hot Chili Peppers last night. One of these fans was Crown Princess Victoria. And she didn't appear to be embarrassed a bit...

Wonderful (note: the plus signs underneath "Underbart" are the rating system used by Aftonbladet; five of them implies the highest grade)

Red Hot's Undressed Knockout at the Globe (note: the Globe is the name of the arena that the RHCP's played in Stockholm. It's the largest arena in Stockholm.)

(Body of Text)

In comes Flea, running! Rocket-start with "Give It Away". Finally, a knock-out in the Globe...

The Chili boys do a Tyson at the place. They knock down all resistance from the very start. Smack! Smack! The audience doesn't have a chance.

When we see Flea come onto the stage, dressed only in his base, we understand. This is going to be serious.

When "Give It Away" comes and hits us right on the chin, we fall against the ropes. After that there is a vicious series of punches with "Suck My Kiss", "Aeroplane" and "Warped"...

I am knocked-out on the mat. I wonder if someone has phoned George Scott (a well-known professional boxer in Sweden).

Kiedis & Company do not goof around on stage. They own it. Completely. I cannot remember the last time I saw a band that so entirely controlled the feeling of the music. So carefully. Explosively. And still with such expression. What a show.

Flea's unbelievable choreography-chaos dance style, Anthony Kiedis's tornado headbanging... Chad Smith's unbelievable river of drumsticks which fly out into the audience. Dave Navarro's hot guitar playing. If I were to create a pile of exclamation points about the show, I would have enough to cover the entire Globe arena (note: the arena is an enormous white sphere that can be seen for all over Stockholm).

So good are they. Like the Fantastic Four. Except for real. Super Heroes, sort of. And the King is called Flea. Naked. With a base guitar style that makes things get hard a little here and there. Absolutely wild. More rock'n'roll that you can take. An overdose...

ÄR SUPERHJÄLTAR - FAST PÅ RIKTIGT! När vi ser Flea komma in på scen - iklädd sin elbas - förstår vi. Det är allvar nu, skriver Aftonbladets omtöcknade recensent Olovsson om Red Hot Chili Peppers konsert i Globen i natt. Foto: BJÖRN ELGSTRÅ

Hello Majestic Masters of Mahem

I have been to a RHCP concert for the first time in my life.
I enjoyed it very much. It was Flea's birthday so there was
cake. They treuw a piece in my face. The rest of the show Flea
performed naked. While I was dancing somebody pulled my sleeve
of my jacket, but it was worth it. Some moments ater I got
kicked in the face by a boy who jumped of the stage When the
concert was allmost over a boy fainted, what a looser.
The music kicked ass, and everybody went crazy.
In front of the stage they began hitting each other.

THE RHCP RULE THE WORLD

Goodbye member, #651

PS: Chad why did you cut your hair.

PS: The video clips are very good.

PS: More of you have to write over there concert experiences

RED HOT CHILI PEPPERS

• Fueron los **primeros** (y mejores) en aquello de fusionar **funk, heavy metal y hip hop**.

• Tienen dos integrantes con grandes posibilidades para ganar **El Gran DT** del rock: Flea y Dave Navarro, dos **superdotados** en sus respectivos instrumentos: bajo y guitarra.

• Participaron en un homenaje al **Pa-yaso Krusty** en **Los Simpsons**.

• Anthony Kiedis se apretó a Madonna.

• Flea actúa en un filme de Gus Van Sant, **Mi mundo privado**.

• Fueron el emblema de la mixtura de estilos musicales, que aún hoy las bandas locales siguen **copiando mal**.

• Sirvieron de modelo para los **hard-chetos** argentinos: músculos, tatuajes y bermudas por las "playas" de Belgrano y Barrio Norte.

• Poco faltó para que la balada **"Under the bridge"** sonara hasta en la bocina de los autos.

• El título del nuevo álbum, **One hot minute** (Un minuto picante), es una oda a la obiedad.

• Tardaron **cuatro años** en grabar su nuevo disco, casi tanto como los dinosaurios de Dire Straits.
